EV-TAINER™ *Electric Vehicle Fire Containment and Recovery Container*

- **Effective Containment for EV Fire Emergencies**
- **Great for City, County or State Fire & Rescue**
- **X-Heavy Duty Standard Specs**
- **Stronger Parts Made in the USA**
- **Custom Built To Fit Your Needs**

THE BOX GANG *Advantage*

Rapid Vehicle Containment

Designed for quick and secure loading with an integrated ramp system and remote-operated winch.

Self-Contained Transport System

The EV-Tainer™ is trailer-mounted for fast deployment and recovery using a standard 1-ton pickup.

Rugged, Watertight Construction

Built from reinforced steel with sealed inlets and vacuum ports to safely contain hazardous runoff.

Engineered for Lithium-Ion Safety

Provides a controlled environment to reduce exposure risks from compromised EV batteries and components.
